APPRENTICESHIP SCHEME

We have been greatly supported and assisted by the skippers and their crews and are pleased that a good working relationship with you has been forged.

We have again been successful in gaining another contract via the Learning and Skills Council to deliver sea fishing apprenticeships during the coming year.

One of the requirements of our contract is that the apprentices ONLY receive their training allowance and NO payment from their work placement.

We feel that there will be little incentive for the apprentices and have devised a scheme which will suit the needs of the apprentice, act as an incentive and which is completely within our contract limits and is legal under accounting practices.

The scheme is to run as follows:

1. Apprentice obtains a sea-going placement as usual.
2. Skipper settles with fish selling agent to include any payment for the apprentice to be shown as 'sponsorship' on the settling sheet.
3. Agent forwards the amount to the school with a note of which apprentice the sponsorship payment is for.
4. School holds the amounts in an account pending the successful completion of the apprenticeship.
5. Apprentice receives accrued sponsorship upon receipt of his certificate as a final indenture payment.

Please sign below to certify that you are in agreement with the above scheme:
