## **LEARNERS' NEEDS IN TERMS OF SAFEGUARDING**

### **PHYSICAL ENVIRONMENT**

WDFITS has responsibility under the Health and Safety at Work Act as detailed in the Health and Safety Policy. ### **STAFF**

WDFITS has responsibility to recruit staff who are safe to work with children/vulnerable adults and to require staff to maintain high standards of conduct, as detailed in the Code of Conduct Policy and Whistle-Blowing Policy for employees. WDFITS recognises its key role in helping learners to develop the skills they need to keep themselves safe and secure, and to behave appropriately when using technology for learning, leisure and work. WDFITS embraces the new technologies but recognises that they bring potential risks, particularly to the safety of young people and vulnerable adults. WDFITS monitors IT usage and e-safety through the use of NetSupportDNA software. This software alerts appropriate staff of any misuse of IT by recognising key words as advised to the company by the G7 Prevent Regional HE/FE Co-ordinator, North East. Staff will then alert the appropriate agencies, i.e. Police Prevent Team, G7 Prevent Co-ordinator and the Prevent lead for North Yorkshire County Council and Scarborough Borough Council.

### **SAFETY CONCERNS OF/OR FOR A LEARNER**

All staff are DBS checked and have safeguarding training on induction and through on-going updates. Following training, staff know their legal obligation to report concerns about the safety of a learner or vulnerable adult or disclosures from a learner about historic abuse or concerns about the safety of any child, including those in work placements, to the Designated Safeguarding Lead. (WDFITS recognises that particular groups of learners are more vulnerable, for example those with specific protected characteristics such as disability and those learners engaged in one-to-one activities). In addition, the CEO is the Designated Lead for the company who has responsibility for Safeguarding.

WDFITS has a process for raising, recording and investigating safeguarding and prevent concerns:

1. Staff member/learner raises a concern
2. Designated Safeguard Lead completes a 'Cause for Concern Reporting Form' and raises concern to North Yorkshire County Council Safeguarding Team/ or raises concern re Prevent matters to G7 Prevent Regional HE/FE Co-ordinator North East and follows required procedure.
3. Staff concerned advised to keep a log/report of the incident/words/actions to support Designated Safeguard Lead who will also make a full report.

### **STAFF WITH PARTICULAR RESPONSIBILITY**

The Designated Safeguarding Lead, the CEO, has responsibility for the following:

Members of staff will receive regular training in Safeguarding (minimum annually). A culture of 'it could happen here' is embedded into working practices.

## **FELLOW LEARNERS**

If the behaviour of one learner towards another is of concern, dependent upon the seriousness of the matter, it should be referred to the personal tutor or the Designated Safeguarding Lead. The matter will be investigated and may need to implementation of the disciplinary procedures. Particular attention will be afforded to learners who have protected characteristics as defined in the Equality Act 2010.

If a learner has a concern about his/her own online safety, or is concerned about others' online safety, the matter should also be referred to these post-holders. This may result in disciplinary action and/or referrals to internal counselling services, the Police Restorative Justice, Children and Adolescent Mental Health Service.

Throughout any investigation, all parties will be kept informed of the process and possible outcomes. The right to feel and be safe is communicated directly to learners via the diary, posters, etc.

## **PROMOTE COMMITMENT TO SAFEGUARDING**

WDFITS actively works with Local Safeguarding Children's Boards, the Police and other external organisations to promote all aspects of safeguarding. The Designated Safeguarding Lead will evaluate WDFITS' performance against its commitments set out in this policy and keep up to date with relevant legislation. Support will be given to all parties as appropriate to the allegations, the seriousness of the matter and the needs of the individual.

## **PREVENT**

As part of our Safeguarding activity, WDFITS has a responsibility to follow the UK government's counter-terrorism strategy to reduce the risk from international terrorism, so that people can go about their lives freely and with confidence.

Prevent is the counter-terrorist programme which aims to stop people being drawn into terrorist-related activity. It is about tackling the factors that can cause people to become drawn into violent extremism and empowering individuals and communities to stand up to violent extremists. Prevent is not about singling out a particular group. It is about addressing the real threat to the security of this country and is delivered in partnership by a wide range of organisations including the police service.

Working closely with other organisations, our aim is to support local communities and institutions to challenge and reject the message of extremism. This extremism is not just from groups such as ISIS or Al-Qaeda, but from far right groups as well.

WDFITS aims to raise awareness among all employees, learners and employers to prevent people from being drawn into terrorism and ensure that they are given appropriate advice and support. We have resources in place to help identify and

provide support for people at risk of radicalisation, along with information to tackle the challenge of radicalisation on the internet.
